**Topic/Project:**

Provider Denials and Appeals

#9 Appeals Report

**Monitoring Standard:**

42 CFR 438.240 Quality Assessment and Performance Improvement Program

42 CFR 438.402 General requirements

42 CFR 438.404 Notice of Action

42 CFR 438.408 Resolution and notification

42 CFR 438.420 Continuation of benefits while the MCO or PIHP appeal and the State Fair Hearing are pending

42 CFR 438.280 Effectuation of reversed appeals resolutions

42 CFR 438.420 Continuation of benefits while the MCO or PIHP appeal and the State Fair Hearing are pending

42 CFR 438.424 Effectuation of reversed appeal resolutions

**Goal:**

The ASO will track and report semi-annually to KDADS/BHS all provider denials and appeals that have occurred in a given timeframe including timeline compliance. The standards are:

- Standard for Denial letter notification:
  - Treatment modality Level I, II, and all others except Level III: Denial letters must be sent within 14 days of the determination (100%)
  - Treatment modality Level III: Denial letters must be sent within 3 days of the determination (100%)
- Appeals:
  - 95% resolved within 14 days receipt of all required documentation
  - 100% resolved within 45 calendar days

**Objectives:**

To assure the documentation is capturing both clinical (medical necessity) and administrative denials and appeals from providers

To evaluate for trends that may require system intervention or education

To allow data to be presented consistently for Committee evaluation and response

**Behavioral Health Services  
State Quality Committee**

**Data Collection Activities:**

Data was collected from ValueOptions CareConnect System. Denials and Appeals reporting will be provided by overall state figures, regional data and by detail. Denials and Appeals are categorized as administrative and medical necessity. Reporting will also include State Fair Hearing data.

Definitions of Administrative and Medical Necessity denials:

Administrative Denial (or “Administrative Determination”) – A denial of services, or claims payment for services, based on reasons other than a lack of medical necessity. Examples of administrative denials include the provider is not licensed to provide the service requested, the member is eligible for BG funding but the service requested is only available to Medicaid recipients, or the continued stay review (CSR) was submitted late.

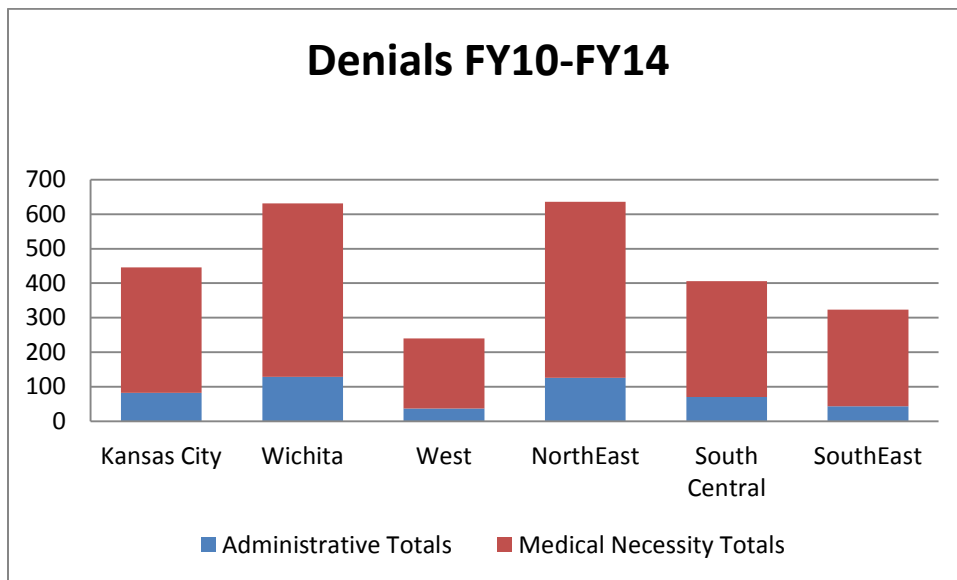

Medical Necessity Denial- A denial of services or claims payment for services based on a review of clinical criteria (ASAM) compared to documentation provided. Only a physician who is certified by ASAM or a psychologist/psychiatrist with extensive demonstrated substance abuse experience shall make decisions not to fully authorize a request for service based on medical necessity.

FY 14 DENIALS BY PROVIDER

**Behavioral Health Services  
State Quality Committee**

**Annual FY Summary Provider Appeal Data:**

	<b>FY10</b>	<b>FY11</b>	<b>FY12</b>	<b>FY13</b>	<b>FY14</b>		<b>Total</b>
<b>Administrative</b>	<b>37</b>	<b>19</b>	<b>15</b>	<b>1</b>	<b>5</b>		<b>77</b>
<b>Medical Necessity</b>	<b>27</b>	<b>29</b>	<b>44</b>	<b>11</b>	<b>5</b>		<b>116</b>
<b>Total</b>	<b>64</b>	<b>48</b>	<b>59</b>	<b>12</b>	<b>10</b>		<b>193</b>

- There have been no requests for State Fair Hearings initiated so far in FY14.

**Conclusions:**

**Annual Summary FY14 (7/1/13 – 6/30/14):**

**Denials:**

- There were 251 denials reported in FY14. There were a total of 375 denials for FY13. That is almost a 1/3 (33%) reduction in denials from FY13 to FY14.
- Mid way into FY13 VO discontinued oversight of Medicaid which corresponds with the reduction in denials.
  - Most denials are for Medical Necessity (94.8%)
  - Denials for Administrative reasons dropped 31%
  - Denials for Medical Necessity, overall, have decreased 33%
  - 74% of the Denials this Fiscal year were for Outpatient treatment. This is a slight increase from 73% in FY13
  - Statewide average denials, per provider, for FY14 is 7/year
  - There are 5 providers with 49.4% of the denials for the state. These 5 providers average 25 denials/year

<b>Provider</b>	<b># of denials</b>	<b>Level of Care</b>
<b>#2</b>	44	34=OP 10=LEVEL 3
<b>#10</b>	26	19-OP 6=LEVEL 3 1=IOP
<b>#23</b>	20	20=OP
<b>#29</b>	19	12=OP 6=LEVEL 3 1=IOP
<b>#17</b>	15	5=OP 10=LEVEL 3

- This data suggests the following may be needed:
  - Focused training for select programs on documenting medical necessity for the Outpatient modality
    - Most Outpatient Denials are for:
      - No use

**Behavioral Health Services  
State Quality Committee**

- Minimal use
- Minimal use pattern or use history
- Review denials for select programs to find trends i.e.: same clinician, reason for denial, need for training, court requirements, etc.
- Consider adding 3<sup>rd</sup> category of denial to capture assessments that are denied in order to be referred to another funding source. I.e.: Provider using denial to access other funding like liquor tax dollars. Collaboration and communication with courts that are requiring denials to access their funding. Education regarding the unneeded costs to both client and system.

**Appeals:**

- There were 10 appeals in FY14. 5 for Administrative reasons and 5 for Medical Need reasons.
  - 6 appeals were upheld and 4 appeals were overturned.
  - 40% chance of having a denial overturned.
  - 16% reduction in appeals from FY14 to FY13.

**Standards:**

- Standard for Denial letter notification:
  - Level III: All of the Level III denial letters met the timeframe (100%), therefore, met standard.
  - Other Denials (Level I and II): All other denial letters met the timeframe (100%), therefore, met standard.
- Appeals:
  - Appeal time frames were met at 100%, and therefore, met standard for both.

**Preliminary Recommendations to Committee:**

- Approval by the Committee is requested to post this aggregate analysis on the ValueOptions website for public access.
