Quality Committee**

Final

AGGREGATE ANALYSIS REPORT

Reporting Period

FROM: July 1, 2015 **TO:** December 31, 2015

Unit/Team/Department:

Quality Committee

Topic/Project:

Quality of Services

5 Adverse Incident Report

Monitoring Standard:

42 CFR 438.240 Quality assessment and performance improvement program

42 CFR 438.240(c) Performance measurement and improvement

Goal:

The Quality Committee will track and report semi-annually to KDADS/BHS all adverse incidents that have occurred.

Objectives:

To assure the documentation is capturing all minimal, moderate, major, and sentinel events

To evaluate for trends that may require system intervention

To allow data to be presented consistently for Committee evaluation and response

Data Collection Activities:

Data was collected from the KDADS Adverse Incident Reporting (AIR) system. This data is summary information that represents occurrences of actual or potential serious harm to the well-being of a DCF member or to others by the actions of a DCF member, who is receiving services managed by ValueOptions or has recently been discharged from services managed by ValueOptions. The report captures all minimal, moderate, major, and sentinel events.

Timeline:

- On January 1, 2013, Addiction and Prevention Services was moved to the Kansas Department for Aging and Disability Services. AAPS merged with Mental Health Services to become Behavioral Health Services (BHS). All adverse incidents are reported directly into the KDADS AIR system. AAPS funded adverse incidents are jointly investigated by KDADS and VO-KS.
- On July 1, 2012, Kansas contracted with three health plans, or managed care organizations (MCOs), to coordinate health care for nearly all Medicaid beneficiaries. The KanCare health plans are Amerigroup of Kansas, Inc. (Amerigroup), Sunflower State Health Plan (Sunflower), and UnitedHealthcare Community Plan of Kansas (United).
- On January 1, 2013, all SUD Medicaid Services were managed under the KanCare MCO contracts.
- On January 1, 2013, Behavioral Health Services created new categories and definitions for adverse incidents.
- KDADS legal division finalized the Adverse Incident Policy; it is posted on the KDADS website and effective as of 10/13/14.
